SUSTAINABLE BACKYARD SERIES
LEARN HOW TO CREATE A SUSTAINABLE, PRODUCTIVE AND CREATIVE LANDSCAPE THAT FEEDS YOU, COOLs YOUR PROPERTY AND HELPS CREATE A HOME THAT YOU AND YOUR ENVIRONMENT WILL LOVE.

Water sensitive urban design at home
Saturday 9 July, 10am–1pm
Coromandel Community Centre, Main Road, Coromandel Valley

Everything from capturing, recycling and storing water, creating creek beds and rain gardens to drought proofing your landscape. You’ll receive your own weather station and learn how to create a garden in sync with the natural water cycle. It’s the only way to flow...

Designing a food garden
Saturday 6 August, 10am–1pm
Mclaren Vale and Fleurieu Visitor Information Centre, Main Road, McLaren Vale

Learn how to plan your own food garden through sketching out an example design and gaining planting and maintenance tips along the way, using permaculture and organic gardening principles. You may never again feel hungry again!

Creating a wildlife friendly garden
Saturday 3 September, 10am–1pm
Elizabeth House, 112 Elizabeth Road, Christie Downs

Discover how designing landscapes that are attractive to native critters can reduce maintenance requirements and costs, help rebuild populations of iconic Australian species and increase the productivity of food gardens. This session includes building your own parrot nesting box to take home.

NATIONAL TREE DAY PLANTING EVENTS
Sunday 10 July, 10am–1pm
Silver Sands, Aldinga Beach dunes opposite Warramunga Road

Sunday 31 July, 10am–1pm
Dalkith Road West Beach, off Commercial Road, Seaford Rise

Join our Nature Conservation Team and local volunteer groups to revegetate our conservation reserves with local native seedlings as part of the National Tree Day. Wear appropriate footwear/clothing and bring a hand tool and gardening gloves.

For bookings visit www.treeaday.planetark.org

GREEN HUB SUNDAY SESSIONS
Woodcroft Community Centre, 175 Bains Road, Morphett Vale

Looking for some fun indoor activities during the colder months? We’ve created a program of awesome sessions where adults and kids can discover how to reduce, reuse and recycle all under one roof. See the full program on our website.
